SAD SCENES IN THE HOUSE.

The Death of Congressman Samuel J. Randall Announced and Appropriate Action Taken—Both Houses Adjourn as a Mark of Respect to the Dead Statesman.

WASHINGTON, April 15.—An air of sad-
ness pervaded the house chamber when
the speaker's gavel called the body to
order. Draped in black and ornamented
with a handsome floral design, the seat
so long occupied by Mr. Randall recalled
to members the fact that their old col-
league had passed away forever. The
crayon portrait of the ex-speaker hung
in the lobby was also tastefully draped
with the emblems of mourning.

In his prayer the chaplain said: "We
bless Thee, Almighty God, that in the
gloom which enshrouds us there is the
clear shining of Thy love; and that in
the awful stillness about the mouth of
an opening tomb, a voice clothed with
Almighty power speaks, 'I am the resur-
rection and the life.' Bowing with sub-
mission to Thy will, we surrender to Thy
fatherhood our beloved friend and
brother. His name is inscribed among
the heroes, patriots and statesmen of the
country on the imperishable tablets of
its history, and his memory—the mem-
ory of his deeds and character—is en-
shrined in the hearts of his countrymen
for whose honor and welfare he so long
and faithfully wrought.

"O Thou who didst shed the precious
drop of pity and sympathy at Bethany's
grave, will Thou come to the widow
whose wedded life has been one long
joyous act of self-devotion, and the chil-
dren bereaved by this irreparable loss.
Bring home to them and us the comfort
and consolation that no noble life is
really extinguished by death, but pass-
ing behind the veil which sense makes,
enters upon a higher and grander being
in the glorious light of Thy presence.
Bring them and us to that higher life,
we pray, through Jesus Christ. Amen."

Mr. O'Neill, of Pennsylvania, said:
"I rise to announce the death of my
colleague, the Hon. Samuel J. Randall,
who died yesterday morning in this
city, in his own house at 5 o'clock.
This announcement is exceedingly pain-
ful to me. He and I have been intimate
familiar friends. He started in life at
21 years of age a full man in every re-
spect, intellectually and politically, and
as one who had the element of supreme
leadership, which in his later years was
complete in the estimation of his state
and the country. About three months
ago, it came to my lot to announce the
death of another colleague of many
years' service, Judge Kelley; and it is a
shock to my feelings, which I can
hardly repress, when to-day I announce
the death of this dear colleague.

"On the first Monday of December,
1863, we stood before the speaker's desk
and were sworn into office as members
of the Thirty-eighth congress. Politically,
we have differed, but personally,
there has been a depth of friendship in
all these years which I cannot to-day
express to this house. We have lost a
distinguished man. To-day the city of
Philadelphia grieves over his death as it
has seldom been called to grieve over
the death of a public man, and the
whole state of Pennsylvania mourns his
decease. A great man, a statesman, a
pure man in life, with strong personal
attachments. I noticed yesterday in
this city that every flag on every public
building was at half-mast, and I see
from the papers that the same was true
of Philadelphia. Every kind of sadness
was expressed there at his own home. I
cannot say more to-day; but a few
weeks from this we will have an opportunity
to pass eulogies upon his life.

Mr. O'Neill offered the following resolu-
tions:

RESOLVED, That the house has heard with
deep regret and profound sorrow of the
death of Hon. Samuel J. Randall, late rep-
resentative from the state of Pennsylvania.
RESOLVED, That a committee of nine
members of the house, with such members
of the senate as may be joined, be appointed
to attend the funeral of the deceased.

RESOLVED, That the house do now ad-
journ.

The resolutions were unanimously
adopted and the speaker appointed the
following committee: Messrs. O'Neill,
Carlisle, Harmer, Holman, Cannon,
Forney, McKinley, Springer and Reilly.
The house then adjourned.

In the Senate.

WASHINGTON, April 15.—In the senate
Chaplain Butler in his opening prayer
alluded tenderly to the death of Mr.
Randall and invoked divine blessing and
comfort on his bereaved family.

Mr. Plumb introduced a bill intended
to expand the circulation which was re-
ferred to the finance committee. The
bill provides that the money referred to
be deposited for the redemption of the
National bank circulation shall be cov-
ered into the treasury and treated as
funds available for reduction of the pub-
lic debt and for the current expenses of
the government; that all funds held for
the payment of the matured debt and in-
terest due and unpaid, shall be similarly
treated, and that hereafter no funds
available above the sum of \$10,000,000
shall be retained in the treasury, this
not to be construed, however, as per-
manently diminishing the fund of \$100,-
000,000, now held for the redemption of
treasury notes.

The message from the house announc-
ing the death of Mr. Randall and the
appointment of a committee to attend
this funeral having been presented and
read, Mr. Cameron rose, and in a voice
tremulous with emotion said:

"Mr. President: The announcement
just made of the death of my distin-
guished colleague, Mr. Randall, will pro-
duce sincere sorrow in the heart of

every member of this senate. Irrespec-
tive of party I offer the following resolu-
tions:

RESOLVED, That the senate has heard
with deep regret and profound sorrow the
announcement of the death of the Hon.
Samuel J. Randall, representative from the
state of Pennsylvania.

RESOLVED, That the senate concur in the
resolution of the house of representatives for
the appointment of a committee to attend
the funeral of the deceased, and that a com-
mittee of five on the part of the senate be
appointed by the vice president.

The resolutions were agreed to, and
Senators Quay, Allison, Dawes, Voor-
hees and Eastis were appointed the com-
mittee on the part of the senate. As a
further mark of respect to Mr. Randall's
memory the senate then adjourned.

NEAGLE ACQUITTED.

The Man That Shot Judge Terry Justified
By the Supreme Court.

WASHINGTON, April 15.—The Neagle
habeas corpus case was decided by the

United States su-
preme court yes-
terday, the judg-
ment of the
United States circuit
court for the
northern district
of California be-
ing affirmed. This
puts an end to all
proceedings
against Marshal
Neagle for shoot-
ing Judge Terry
at Lathrop last
August, to prevent him from killing
Justice Field. After the shooting Neagle
was arrested at Stockton, Cal., by state
officers, but was released on a writ of
habeas corpus, based on the ground that
Neagle, who was acting under instruc-
tions, had merely performed his duty as
an officer of the United States.

The case came before the supreme
court here on appeal from this order.
The opinion of the court was delivered
by Justice Miller. It states that the
evidence before the circuit court in the
habeas corpus case, produced the con-
viction of a settled purpose on the part
of Terry and his wife, amounting to
conspiracy to murder Justice Field, and
adds that Neagle had been a friend of
Justice Field, travelling with him and
aware of previous relation of Terry to
the judge—as he was—he would have
been justified in what he did in self-
defense of Field's life and possibility of
his own.

After a long discussion of questions of
law and fact involved in the case the
opinion concludes as follows: "The re-
sult to which we have arrived upon this
examination is that in the protection of
the person and the life of Mr. Justice
Field while in the discharge of his official
duties, Neagle was authorized to resist
attack of Terry upon that eminent
judicial officer; that he was justified in
the belief that without instant action on
his part, the assault of Terry upon the
judge would have ended in the death of
the latter; that such being his well-
founded belief he was justified in taking
the life of Terry as the only means of
preventing the death of the man who
was intended to be his victim; that in
taking the life of Terry under the cir-
cumstances, he was acting under the
authority of the law of the United
States, and was justified in so doing,
and that he is not liable to answer for
murder to the courts of California on
account of his part in the transaction.

"We therefore affirm judgment of the
circuit court authorizing his discharge
from custody of the sheriff of San Joa-
quin county.

Chief Justice Fuller and Justice Lam-
ar dissented from the opinion. Justice
Field did not set in this case or take any
part in its decision.

He Looked With a Light.

LOUISVILLE, Ky., April 15.—Gus
Rosen, the proprietor of a drug store at
Jefferson and Twenty-second street,
took a lighted candle into the cellar of
his store yesterday to search for a leak
in a gas pipe, when a terrific explosion
occurred, fatally injuring him. Fred
Curran, a 14-year-old boy, who was
standing near the cellar door, was blown
out into the street and seriously injured
about the head. Ernest Rosen, a brother
of the proprietor, was also badly burned
while rescuing his brother from the
burning cellar.

Excursionists Detained.

NEW ORLEANS, April 15.—Consider-
able excitement has prevailed here since
last evening, caused by the excursion
train on the Illinois Central railway,
which left here at 7:30 Sunday morning,
being unable to return to the city on ac-
count of overflow and washouts in the
vicinity of Pass Manchal. This train
has on board about 800 people, including
many women and children. They will
arrive to-morrow, coming via Jackson.
All trains between New Orleans and
Jackson on the Illinois Central, have been
abandoned.

Murdered His Neighbor.

PORTSMOUTH, Ore., April 15.—Paul
Bergentudt, a rancher of Okonagon
county, Wash., on Saturday murdered
his neighbor, James S. Williamson, and
then carried the bleeding body of his
victim to Mrs. Williamson, and flung it
at her feet. The men were alone when
the murder was committed, and the
cause of the crime is not known. Ber-
gentudt was captured by a posse of citi-
zens, who at first intended to lynch the
murderer, but better counsel prevailed,
and the sheriff was permitted to take
him to jail.

Philadelphia Liquor Dealers.

PHILADELPHIA, April 15.—The liquor
license court judges yesterday granted
1,175 retail licenses, or thirty-one less
than the court granted in 1889, and 919
wholesale licenses, or 279 more than it
granted last year. All the large hotels
retain their licenses excepting Moore's
Windsor hotel. The charge against it
was that the bartender sold to minors.
Old time saloon keepers who had sold on
Sunday, or in any other way violated
the law, were almost uniformly re-
jected.

The Dead Statesman.

Many Mourn For Samuel J.
Randall.

THE FUNERAL ARRANGEMENTS.

It Will Take Place Thursday From Dr.
Chester's Presbyterian Church—Tele-
grams and Letters of Sympathy Pour-
ing in From Many Sections of the
Country.

WASHINGTON, April 15.—The arrange-
ments for the funeral of ex-Speaker
Randall are nearly complete. There was
a strong feeling among members of the
house that the funeral service should be
held at the capital in the hall of house
of representatives, and Mrs. Randall
was requested to consent to this, but she
still adheres to the original plan so the
funeral will take place at 9:30 on Thurs-
day morning from Dr. Chester's Presby-
terian church, and at 12 the funeral
party will leave for Laurel Hill ceme-
tery. The casket will be opened at the
cemetery to allow friends and ac-
quaintances in Philadelphia an oppor-
tunity to view the remains.

The honorary pallbearers were selected
yesterday afternoon. They are George
W. Childs, A. J. Drexel, Alex. K. Mc-
Clure, John Wannamaker, William Mc-
Mullen, Charles A. Dana, ex-Governor
Andrew G. Curtin, Senator A. P. Gor-
man, ex-Congressman William H. Sow-
den, Representative James H. Blount,
Senator John S. Barbour and Dallas
Sauderson.

Mr. Randall's remains still lie in the
room in which he died, and will not be
placed in the casket until Thursday
morning. They will be taken to church
at 8 o'clock on the morning of the fu-
neral and lie in state until 9:30 a. m.,
when the funeral services commence.

The casket is of cedar, copper-lined,
with a plain black covering; a plate on
the top will bear the simple inscription:
"Samuel Jackson Randall. Born Oct.
10, 1828; Died April 13, 1890."

Telegrams of sympathy and con-
dolence poured into the Randall home all
day yesterday from many sections of
the country. Among many others who
sent the tenderest expressions of com-
fort and condolence, were: Minister
Ryan, from Mexico; Governor Hill, of
New York; Col. Daniel Lamont; Gov-
ernor Beaver, of Pennsylvania; ex-Post-
master General Key; ex-Governor
Foster, of Ohio; ex-Senator Wallace, of
Pennsylvania; Representatives Timothy
J. and Felix Campbell, of New York;
ex-Congressman Converse, of Ohio; Cal-
vin S. Brice; Mayor Manning, of Albany,
and Smith M. Weed, of New York.

REMEMBERING RANDALL.

Appropriate Action Taken on His Death
at a Public Meeting.

WASHINGTON, April 15.—A largely at-
tended meeting of friends of the late
Samuel J. Randall was held at the
Arlington hotel yesterday, to take ap-
propriate action on his death. The
spacious parlors were crowded with
people from all sections of the country,
representing all walks of life.

The venerable ex-Governor Curtin, of
Pennsylvania, was selected as chairman
of the meeting, and J. V. Cracraft, of
Pennsylvania, and P. W. Rhodes, of
New York, acted as secretaries. Gov-
ernor Curtin, a life-long friend of Mr.
Randall, made a most feeling address in
calling the assemblage to order, and
spoke of deceased in terms of the tender-
est endearment.

A committee on resolutions consisting
of A. Garrison, of Pennsylvania; W. H.
Sowden, of Pennsylvania; Edward Mc-
Pherson, of Pennsylvania; Cornelius
Bliss, of New York; J. F. Hanson, of
Georgia; J. A. Hubbell, of Michigan; A.
M. Bliss, of New York, and George
Ticknor Curtis, of New York, was ap-
pointed and reported a set of resolutions
setting forth the nation's loss in the
death of Mr. Randall.

Speeches warm in sympathetic feeling
and eulogistic of Mr. Randall's high
character, lofty ambition, honest pur-
poses, pure and exalted manhood, and
firm and courageous devotion to con-
victions were made by Congressmen James
B. McCreery, of Kentucky, James W.
Blunt, of Georgia, and John H. Rogers,
of Arkansas, by Interstate Commerce
Commissioner Bragg, of Alabama, and
others.

RESOLUTIONS OF RESPECT.

Pennsylvania Congressmen Take Action
on Their Late Colleague's Death.

WASHINGTON, April 15.—The members
of the Pennsylvania congressional dele-
gation met immediately after the ad-
journment of the house, Mr. O'Neill
presided, and Mr. Reilly acted as sec-
retary. The following resolutions were
presented and adopted:

WHEREAS, Our colleague, the Hon. Sam-
uel J. Randall has departed this life, there-
fore be it

RESOLVED, That whilst bowing to the in-
exorable decree that it is appointed for all
men once to die, yet we cannot repress the
feelings of profound sorrow naturally
aroused in our hearts at the removal from
our midst of one so beloved and esteemed,
and we offer to his beloved widow and fam-
ily in this, their hour of affliction, our heart-
felt sympathy.

RESOLVED, That the devotion to duty—
the purity of purpose—the stern integrity
and singleness of heart that marked his life
during three decades of public service, elicits
and commands the respect and gratitude of
the whole American people.

RESOLVED, As testifying our esteem that
we attend the funeral of our late colleague
in a body, and that the chairman of this
meeting shall appoint a committee of three
to have these resolutions engrossed and pre-
sented to the family.

The chairman appointed Messrs.
Reilly, Mason and Bingham to engross
and present the resolutions.

LABOR NEWS.

Prospects of a Big Railroad Strike in
Pittsburg—Other Strikes.

PITTSBURG, April 15.—The yardmen of
all the railroads centering in Pittsburg
met last night and formulated a list of
sixteen grievances. Among the demands
are 20 per cent. increase in wages and
ten hours a day for work. If the de-
mands are not granted twenty-four hours
after they are presented the men will
strike, and will be backed by all other
railroad organizations.

The demands were presented to the
railroad companies this morning but no
reply has yet been made.

Minnesota Eight-Hour League.

ST. PAUL, Minn., April 15.—The Min-
nesota Eight-Hour league met here Sun-
day, and adopted resolutions directing
the executive board to confer with all
central labor organizations, with a view
to arrange for a meeting of representa-
tives of all organizations of the state to
form a state federation of labor.

The executive council of the Farmers'
Alliance will also be conferred with.

Chicago Carpenters' Troubles.

CHICAGO, April 15.—The striking car-
penters have so far shown very slight
disposition to treat with the new asso-
ciation of boss carpenters. One of the
officers of the union said yesterday that
none of the men would be allowed to go
to work for these bosses before receiv-
ing assurance that at least half of the
carpenters in the city would be employed
by them.

Serious Lockout Feared.

BOSTON, April 15.—At trades union
meetings last night it was decided that
all workmen but carpenters and brick-
layers will strike on Norcross Brothers
jobs to-morrow. It is learned that a
general lockout, affecting the 20,000 men
engaged in building trades is being seri-
ously contemplated.

Carpenters Strike in Indianapolis.

INDIANAPOLIS, April 15.—The threat-
ened strike of union carpenters for eight
hours a day and thirty-five cents an
hour began at 7 o'clock yesterday even-
ing. There are fully one hundred
houses in the city in the several stages
of erection, and all these will stand as
left yesterday until some settlement of
the matter is reached.

Combining Against Clerks.

NEW HAVEN, Conn., April 15.—Certa-
in dry goods concerns here will at-
tempt to form a combination to govern
the employment of clerks. They pro-
pose to employ no clerk who for any
cause whatever has been discharged
from any city dry goods house. A fe-
male clerk was recently discharged by
F. M. Brown & Company because she
had been previously dismissed by Wil-
liam Neely & Company, will probably
bring suit against the latter firm.

Another Strike of Dock Laborers.

LONDON, April 15.—Five thousand
dockers have struck at Birkenhead in
consequence of the refusal of the mas-
ters to accept the union hours schedule.

PACKED IN PLASTER.

The Body of a Murdered Man Shipped
from Copenhagen to New York.

NEW YORK, April 15.—The body of
Meyer, the clerk, who was murdered by
his employer, Philipson, a soapmaker
at Copenhagen, was found yesterday at
the New York custom house concealed
in a cask of lime or plaster, which had
arrived per steamship Thingvala some
time ago. The cask had been shipped
from Copenhagen Jan. 13, consigned to
"Berensford Brothers, Racine, Wis." Wells,
Fargo & Company were named as
forwarders.

The consignor prepaid the steamship
charges, and gave his name as William
Smith. The cask was said to contain a
chemically prepared lime plaster. On
arrival here, Feb. 4, it was sent to the
appraiser's stores and examined by the
removal of the head, and the scraping
off for analysis of a few pounds of the
contents. It was then reheated and set
aside to be called for. Wells, Fargo &
Company paid the duty of \$2.50, and
wrote to "Berensford Brothers" twice to
remit bill of lading and the cask would
be forwarded. The second letter was
returned by the postmaster, with the
information that no such firm was
known at Racine. Wells, Fargo & Com-
pany then wrote "William Smith," at
Copenhagen, with no result.

When Philipson confessed in Ham-
burg a few days ago that he had mur-
dered Meyer and shipped the body to
America from Copenhagen, the officials
of the Thingvala Steamship company
were notified and yesterday they cabled
their New York agents to look for a cask
shipped on the Thingvala Jan. 13. The
Danish consul here was also notified.
The agents, the consul and a representa-
tive of Wells, Fargo & Company went
to the appraisers' stores and had the
cask opened. After digging away some
of the plaster they uncased a man's head
and finally the whole body was ex-
humed. It was clad in plain clothing
and was well preserved.

The various parties engaged in the
search at once dropped the matter, no
one desiring to take charge of the body.
Wells, Fargo & Company said they were
willing to stand their \$2.50 loss and
would put in no claim to the goods. The
consul had no instructions to claim the
body, and the steamship company is not
interested. The appraiser will probably
have to hold the cask and its contents
until the Washington authorities direct
its disposal.

A Misplaced Switch.

MATTOON, Ill., April 15.—The Juch
Opera company's special train of six
coaches, from St. Louis to Terre Haute,
was wrecked in the "Big Four" yards
in this city, and delayed two hours yes-
terday. Some of the people were in-
jured. The engine and first three bag-
gage cars of the train were derailed by
a misplaced switch. The engineer and
fireman jumped and escaped uninjured.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors

TUESDAY, APRIL 15, 1890.

A LOUD protest is being made all over the country by the photographers against the increase of tariff on albumen paper. They claim that \$100,000 will be taken from the pockets of the photographers without benefit to any one. The McKinley bill doesn't seem to be a very popular measure. Republicans as well as Democrats are up in arms against it.

SENATOR-ELECT BRICE is reported to have refused to pay the \$400 bill of the physician of Representative Brown, for attendance on on that gentleman when he was carried from his home to Columbus, Ohio, to vote for Mr. Brice for United States Senator.—Cincinnati Commercial Gazette.

What if he has? There's nothing wrong or dishonest in any one refusing to pay \$400 for \$50 services. It is, no doubt, a case of attempted gongole on the part of an alleged physician and the Senator-elect will be commended for the action he has taken. The Commercial-Gazette's efforts to belittle Ohio's new Senator are contemptible.

"Is BLAINE coming out for free trade?" inquires the Louisville Times. And then the Times significantly remarks: "The country hears a great deal about a treaty of complete reciprocity between the United States and Latin Americans, negotiated, or to be negotiated, by Mr. Blaine on the part of our country. That would mean free trade in wool, hides, sugar, ores and other products, and would knock Mr. McKinley's protective tariff higher than a kite. Blaine is a dramatic statesman, and he has been in repose a long time."

The Pan American Congress had for its object the bringing of the countries of North and South America into closer commercial relations, and it is strongly urged the quickest way to do this is by means of the plan suggested above.

"WHEN honest voting and fair counting prevail throughout the United States, the Democratic party will cease from troubling for a long time."

The above is from the pen of Murat Halstead, of the Commercial Gazette. The facts don't bear him out in his views of ballot reform. Recent elections have fully demonstrated that wherever the Australian ballot system, which guarantees "honest voting and fair counting," has been adopted it has resulted in Democratic victories. This has been the case with but few exceptions. Mr. Halstead probably hadn't heard from Rhode Island when he wrote the above. The recent elections in that State were held under the Australian ballot system, and a special from Providence says "it worked well, the largest vote ever cast in the city being polled without delay or friction." And here is another special from same city which tells the result:

PROVIDENCE, R. I., April 13.—The city election yesterday for Senator and eight Representatives resulted in the election of all the Democratic ticket except one Representative by majority ranging from 184 to 522. This insures the election of Governor Davis and the Democratic general offices in grand committee.

Wonder how that will strike Mr. Halstead? "Little Rhody" is no longer Republican. A reform ballot system has given the Democrats complete control of her State affairs. No wonder Mr. Halstead is opposed to the Australian election law. He will talk louder than ever, now, against the system. "Whenever honest voting and fair counting prevail throughout the United States," the Democrats will run the Government at Washington City right along.

The Lecture To-night.

Luther Benson, the noted orator, will lecture at the Christian Church this evening at 7:30 o'clock on Temperance. The Boston Post says he is the superior of Gough, and the Indianapolis Sentinel pronounces him the best temperance lecturer in America. All are invited to hear him. Admission free.

Professor Van Cleve.

Professor John S. Van Cleve, who will give a lecture and piano recital at the opera house next Friday evening, is a native of Maysville. He is a son of Rev. Lafayette Van Cleve, D. D., formerly pastor of the Third street M. E. Church. His lecture Friday night will be on the subject of music, and every lover of music should hear him. An exchange says: "He not only possesses a surprising fund of knowledge, but has the rare art of imparting it with such captivation that every mind in a miscellaneous audience is held as by a spell. Prof. Van Cleve is a brilliant pianist, as his performance demonstrated." Reserved seat tickets on sale at Taylor's.

Items For the Farmer.

There were 6,663,802 hogs packed at Cincinnati the past season. The number packed in 1888-89 at the same place was 5,483,853.

The annual "horse show" came off yesterday afternoon on Third street, and there was a fine exhibition of most of the stallions that will make the season of 1890 in this county. A list of the horses was not obtained.

The farmers have been taking advantage of every fair day of late, and canvas-covered plant beds now greet the eye on most every hand, throughout the tobacco section. Forty-five beds were counted between Ewing and Paris by a passenger on the K. C. Railroad, Saturday.

Generally speaking, the fruit crop of the country is not promising well. The warm winter and cold spring have ruined prospects in many wide regions. There will be an active demand for fruit, and those who have good crops should look well to them.—Commercial Gazette.

"Remember that fancy prices are only obtained for fancy horses," remarks the Stockman. "If you ever expect to get the top of the market you must have the best kind of horses to offer. The only way to get the best is begin right by breeding good mares to good stallions. One man can surely raise valuable horses as well as another."

Probably the greatest sale of poultry on record was that consummated at Chicago one day last week, when a dealer bought in one lot a total of 227,000 pounds of dressed fowls, representing a wholesale value of fully \$22,000. They were from Iowa, were in a cold storage warehouse, and will supply Eastern and Southern trade. It is estimated that the quantity included 3,000 geese, 3,000 ducks, 6,000 turkeys and 35,000 chickens.

Rev. J. B. BRINEY, former pastor of the Christian Church, held a debate at Booneville, Mo., last week with Rev. Mr. Ditzler, of the M. E. Church, South.

Stealing the canvas off tobacco beds is an industry that is somewhat complained of hereabouts.

Anyone can interpret the hand-writing on the wall in the matter of the recent elections. It means that the days of Republican misrule and mismanagement are numbered.

W. L. Marshall, of the corps of engineers, regular army, a son of Colonel Charles Marshall, has submitted his report as to the cost of building the Mississippi and Illinois canal.

The Republicans are going to relieve the minds of Democrats of one source of worry when they again come into power, and that is as to the disposition of the surplus in the treasury, for there will be none.

Mr. W. W. PIKE, formerly of this city, sustained quite a heavy loss last Saturday night. His printing office at Cincinnati was burned out, the damage amounting to several thousand dollars. The Enquirer says he has secured new quarters, and "while slightly disfigured is still in the ring."

The officers of the Bluegrass Fair and Trotting Circuit, which comprises the associations at Shelbyville, Eminence, Harrodsburg, Danville, Lexington, Maysville, Sharpshurg, Paris, Winchester and Cynthiana, in Kentucky, and Cincinnati, in Ohio, say the prospects for heavy entries in the stakes are excellent. He leaves Flemingsburg at 7 o'clock sharp every morning and returning leaves here at 2:30 every afternoon—Sundays excepted. Mr. Farley is polite and accommodating and should be encouraged in his new enterprise. The various 'bus lines bring lots of business to Maysville.

DR. M. T. HOPPER, of Mayslick, carried off some of the honors at the commencement exercises of the New York Homeopathic College a few days ago. The New York Tribune says: "Dr. Danforth, Secretary of the Faculty, announced that two competitors for the Helmuth pocket-case, a prize given by Salem H. Wales, formerly President of the Board of Trustees, to that student in the junior and middle classes having the highest standing, had made exactly the same mark. They were M. T. Hopper, of Kentucky, and B. Bierbauer, of Minnesota, each of whom made a mark of 93.7. It had been suggested that the decision as to who should get the prize should be made by lot, and accordingly he called the two young men to the platform. They drew, and Mr. Hopper won." Dr. Hopper has been chosen assistant surgeon of the Homeopathic Hospital at Brooklyn. He is a brother of Mr. C. C. Hopper, the jeweler, and made many friends here, while studying medicine under Dr. Strode, who will be glad to learn of his success.

The Railway World.

A west-bound C. and O. freight a few days ago passed here with fifty-one cars and a caboose.

Russell is now the end of a freight division of the C. & O. Road. The change was made last week.

The Cincinnati Enquirer says: "It is whispered about in railroad circles that L. R. Brockenbrough, Assistant General Freight Agent of the Cleveland, Cincinnati, Chicago and St. Louis, is to be appointed to a very important position in the freight department of the Chesapeake and Ohio."

The earnings of the C. and O. road for the first week of April show an increase of \$41,325.82 over those for the corresponding week of last year. The figures are:

1891.....	\$135,541 76
1890.....	94,215 94

Increase.....\$ 41,325.82
The increase shown is within a small fraction of 44 per cent.

Captain Havens writing from Frankfort to his paper, the Mt. Sterling Sentinel Democrat, says: "A charter is asked for a railroad by the gentlemen who recently bought some land in Morgan County. At the head of incorporators is Col. J. D. Yarrington. The beginning point is on the Ohio river about Maysville and the road is to extend up the Licking Valley."

River News.

The St. Lawrence for Pomeroy, Sherley for Portsmouth and Rainbow for Pittsburg will pass up to-night. Due down: The Telegraph to-night.

The high wind Saturday caused the Andes to collide with the St. Lawrence at the Ironton wharf. The only damage was to the Andes. Her spars and part of the roof were torn off.

The Rainbow, Louise and Sherley were having a lively race on the down trip yesterday afternoon. The Sherley left Portsmouth at 9 a. m. and was doing her best to keep ahead of her Monday rivals, but the latter were right after her and all were at the wharf here at the same time.

Social at Mayslick.

There was quite a social gathering at the pleasant home of Mr. and Mrs. J. Yancey last Friday night. The young folks amused themselves by talking on topics arranged for the evening, also by some beautiful music rendered by Misses Anna Yancey and Mary Myall. At half-past nine supper was served and all enjoyed it immensely. A few more pleasant hours were spent and the guests bade the kind host and hostess a fond good-night and departed with many happy thoughts. Among the guests that attended were Mary J. Myall, Mamie Yancey, Fannie Laytham, Alice Fox, Maggie Cogan, Lizzie Gooding, Bessie Worthington and Joe Laytham, Messrs. Milton Johnson, Robert Brown, of North Carolina, Carl Wheeler, Fred Fox, Clayborne Fox, Edwin Mathews, Will Alley, John Laytham, Geo. Longnecker, Henry Forman and John Wilson.

The "Doom Sealers."

They Are Disappointed in Their Expectations.

THERE WAS NO DESTRUCTION.

The Cities of San Francisco, Oakland, Chicago and Milwaukee Not Visited By An Earthquake as Predicted—One Man Offers Himself as a Sacrifice.

SAN FRANCISCO, April 15.—According to the prophecy of Mrs. Woodworth, George Erickson and several other revivalists, who created considerable excitement in Oakland some time ago yesterday, was the day on which San Francisco and Oakland were to be destroyed by earthquake and tidal wave, and the cities of Chicago and Milwaukee were also to suffer the same calamity. There has been no indication of any convulsion of that nature here, but the "doom sealers," as they have been termed, have evidently held their faith in the prophecy up to the last moment.

Several hundred persons who attended Mrs. Woodworth, and became believers in her predictions of destruction, have been leaving Oakland for high ground during the past week or two, and yesterday they were encamped on hills near Santa Rosa, St. Helena and Vallejo, holding religious services and waiting for the news of destruction.

Offered His Life to Save Chicago.

CLINTON, Ill., April 15.—A strange man committed suicide near here yesterday. He asserted seriously his belief in the prophecy that Chicago would perish yesterday, and that he could avert the dire calamity by offering his life as a sacrifice. He could not be dissuaded from this delusion, and, while no one was present, cast himself before the westbound train on the Illinois Central and was instantly killed. He was well dressed and about 40 years of age. Letters show his name to be Hamilton, and his home to be near Louisville, Ky.

COAL MINERS' CONVENTION.

A Meeting at Columbus Where the State Is Well Represented.

COLUMBUS, O., April 15.—The convention of the coal miners of the state for the purpose of reorganizing under the newly-formed United Mine Workers of America was called to order at 10 o'clock yesterday morning by John P. Jones. There are about one hundred delegates present, representing the local assemblies of both the old National Progressive union and National District Assembly 135, Knights of Labor. These are two organizations which were consolidated by the formation of the United Mine Workers.

Officers of the convention were elected as follows: John P. Jones, president; Jonathan Longbottom, vice president; Ebenzer Lewis, secretary.

The following committee on credentials was appointed: John P. Eddicord, Belaire; George Haskins, Washingtonville; John Farnell, Krummery; John Campbell, Sherodville; John Huddy, Buchtel.

The most important matter to come before the convention after a constitution and by-laws are adopted and permanent officers are elected, will be the division of the state into districts. The prevailing sentiment seems to indicate that the state will compose but one district, though a large number of delegates are in favor of dividing Ohio into five districts. The Indiana and Illinois operators have refused to attend the convention.

WHIPPED BY WHITE CAPS.

Presumably for Aiding in the Prosecution of Election Rascality.

WASHINGTON, Ind., April 15.—Word has just reached this city that David Hosea, an old and respected farmer of Barr township, this county, was taken from his home Saturday night and severely whipped by a band of twenty-five White Caps.

At the township election, last Monday, John McTraugh was arrested on a charge of attempting to bribe a son of Hosea, and had a trial before a peace justice, who let him off with a small fine. The complaining witness was young Hosea, who was instigated to file the affidavit by his father, and the supposition is that the old man Hosea was whipped because he prevailed upon his son to prosecute the would-be briber.

There is much excitement in Barr township over the outrage, and numerous arrests will follow. David Hosea is a quiet, inoffensive old man, who was supposed to have no enemies. The mob took him from the house, tied him to a tree, and administered a brutal whipping, telling him he must hereafter attend to his own business, but refusing to tell him for what crime he was being punished.

Freight Train Wrecked.

CANISTEO, N. Y., April 15.—A bad wreck occurred on the Erie railroad 6 o'clock yesterday morning, at Adrian, about four miles east of here. The wreck was caused by a freight train, running at the rate of about twenty-five miles an hour, crashing into the rear of another train that was standing still. The engine and twelve loaded cars of the freight train were completely wrecked, and the engineer and fireman saved their lives by jumping. The latter received slight injuries about the head.

Deserted Her Children and Elopers.

HUNTINGTON, Ind., April 15.—A man named John Harris had been living with the family of Charles Denton, near here, for some time, and an infatuation arose between him and Mrs. Denton. A few days ago they eloped, and have not been heard of since. It is thought they went to Wabash county, where Harris owns a piece of property. The woman leaves two small children, and is the daughter of good people.

A Satisfactory Verdict.

LEBANON, O., April 15.—The jury in the case of Jameson, accused of embezzling public funds, returned a verdict of not guilty. It is in harmony with the sentiment of the community.

GREAT LAND SALE AT CARDIFF,

Roane County, Tenn., on the Cincinnati Southern Railroad and Tennessee River.

The Cardiff Coal and Iron Company!

CAPITAL STOCK PAID IN, \$5,000,000.

HON. B. B. SMALLEY, Burlington, Vt., President.
W. P. RICE, Fort Payne, Ala., Vice President.
H. C. YOUNG, Cardiff, Tenn., Vice President.

Will hold a mammoth Land Sale of its City Lots at Cardiff APRIL 22, 1890, and following days.

Ten excursion trains consisting of nine Pullman cars each will be run from New England, leaving Boston April 19. The Cardiff properties are not experimental. The coal and iron have been profitably mined more than twenty years. The location is in the midst of already developed properties. The company owns over 5,000 acres of coal and iron mines and timber lands, situated in the Tennessee counties of Roane, Cumberland and Morgan. Its city of Cardiff contains over 300 acres. There is scarcely any industry which can not find a favorable chance at Cardiff or successful establishment and profit. The development is in charge of men of approved judgment and experience. Excursions to Cardiff for the sale will be arranged from principal cities of the North and West.

Proceeds of sales and \$2,000,000 cash now in the treasury of the company, to be expended in the development of the property by 1, a city of two one-hundred-ton blast furnaces, one thousand Coke Ovens, Hotel, the largest Basic Steel Plant in America, Motor Locomotive, Rolling Mills, Nail Mills, Electric Lights, Manufacturing Plants and Public Buildings.

A plan will be offered which will enable purchasers to secure lots at reasonable and not speculative prices, the intention being to give patrons of the sale a chance to make a profit, as well as the company.

Liberal subscriptions will be made to the capital stock of any worthy industrial enterprise. For further information, prospectus, &c., apply to W. P. RICE, Quinby House, Boston, Mass. C. H. LEE, O. Bankers, Boston, Mass. B. F. THOMAS, Phoenix Hotel, Lexington, Ky. Or to the company, Cardiff, Tenn.

THE FIRE RECORD.

A Large Starch Factory in Des Moines, Iowa, Burned—Other Losses.

DES MOINES, Iowa, April 15.—Gilbert's immense five-story starch factory, at Chesterfield, southeast of the city, was destroyed by fire at noon yesterday. It started in some shavings in the box factory, just east of the big brick building and quickly spread to the boiler room, where it burned off the hose and effectively prevented any effort at stopping the flames. The fire quickly took hold of the factory, and in less than an hour it was burned to the ground. No lives were lost, as the whistle blew and gave all of the men and women ample time to get out.

The fire department was summoned from the city, but could do nothing to check the conflagration. The loss on building, machinery and contents is probably \$300,000, and the insurance about \$200,000. The property was, it is reported, turned over to the starch trust a few days ago. The factory employed 112 men and about as many more children. It will no doubt be rebuilt.

Barn Burned by Lightning.

MARYSVILLE, O., April 15.—A large barn on the farm of William S. Lee, four miles north of here, was struck by lightning during a heavy thunder storm, early yesterday morning, and totally destroyed with all its contents, including six head of horses, fifty-four sheep, two calves, grain, hay and farm machinery. Loss, \$2,200; insured for \$800 in Ohio Farmers' Insurance company.

Barn and Valuable Contents Burned.

CONNEERSVILLE, Ind., April 15.—About 11 o'clock Sunday night, the large barn of Wood Huber was discovered on fire, but too late to save any of the contents—five horses and two mules and all farming implements, grain, etc. Loss about \$5,000; insured for \$2,150. Supposed to have been set on fire.

Lightning Burns a Barn.

GALLATIN, Tenn., April 15.—Lightning struck the barn of John T. Brannan here yesterday, setting fire to the structure, and burning up six head of valuable horses. All the farm implements and forage were consumed. The barn had \$1,000 insurance, and \$100 on each head of stock.

A Fire in Toledo.

TOLEDO, O., April 15.—A fire at the Harris Metal Wheel company's works yesterday destroyed two buildings containing the turning, drying and packing department. Loss, \$7,000; insurance, \$3,500. Origin of the fire unknown. The buildings will be rebuilt at once.

Iron Foundry Destroyed.

NEW PHILADELPHIA, O., April 15.—Hopkins' iron foundry burned at Canal Dover yesterday. Loss \$9,000; insured for \$1,500.

Just Delivery.

LOGANSPORT, Ind., April 15.—Rance Shorman, the noted horse thief recently captured, broke jail at 1 o'clock this morning with three others, and has not been recaptured.

Result of Reading Five Cent Novels.

PITTSBURG, April 15.—The body of William McGregor, aged 17 years, was found last night suspended by the neck from a rafter in Mrs. Johnston's house, No. 165 Fifth avenue. Whether the boy deliberately committed suicide or whether he suspended himself as an experiment is not known. Young McGregor was an assiduous reader of five cent novels. On his person were found two—"The Boy Sheriff," or "The Regulators of Pico Valley," and "Coal Sam's Girl Pard."

To Be the Fastest Train in the World.

CHICAGO, April 15.—It is announced that the Michigan Central railroad has decided to put on a new limited vestibule train between New York and Chicago, which will be the fastest train in the world. It will reduce the running time between the two cities to twenty-three hours. The train will consist of a combination baggage and smoking car; combination car containing bath rooms, tonorial rooms, library and drawing room; dining car, cafe, etc., and sleepers.

Fears of An Indian Outbreak.

WASHINGTON, April 15.—Dispatches have been received at the Indian office from Agent Upshaw, at Tongue River, Mont., reporting that the Northern Cheyenne Indians were congregating and threatening life and property in that vicinity. Troops, he telegraphs, are needed quick. The dispatches were forwarded to the war department with a request to forward troops at once.
